

A wide-angle photograph of a large concert hall stage. The stage is filled with complex lighting rigs, including a large circular rig at the top and several vertical rigs on the sides. Large speakers are visible on the left and right. The stage floor is covered with various musical instruments and equipment. The audience seating is visible in the foreground, and the background shows the large, dark curtains of the stage.

SOUND  FORCE 

Sub Rental

www.soundforce.se

Selection of the Sub Rental Equipment list

SUB RENTAL

Soundforce stock most of the highest quality equipment on the market.

Focus is on international projects and the equipment is based on these demands.

We offer special made contracts for short time projects as well as long term leases.

TOUR SOLUTION

Soundforce is more than a traditional dry rental company. We are specialists in custom made tour solutions. We have more than twenty years experience of international touring.

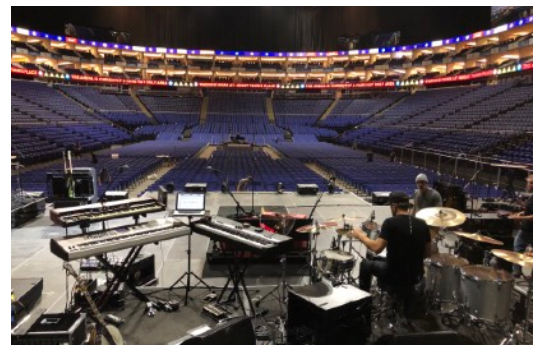

This has formed our touring prep department. We'd love to prepare the equipment for you and help you save expensive time in your project.

PARTNERSHIP

We offer our services to rental companies as well as producers to share our experience and resources.

Let us be your partner in your projects.
